Team members should be between the ages of 9 and 11.5 years old, and a team must contain at least one Scout to be eligible for the trophy.

Each group should be accompanied on the route by a responsible person, even a leader will do! They aren't expected to join in the activities, in fact that's cheating!

Points will be awarded for the activities completed and other aspects of the challenge, prepare to be tested on Scouting Skills, Navigation, Knots, First Aid and more!

Teams should have a good idea of navigation, its application and emergency procedures, just in case, so it's a good idea to meet up and get to know each other before the event.
